Belen Garcia Martinez

JavaScript | React | Next JS | Redux | Unit Testing | Tailwind CSS | React-Bootstrap | Git

Software Developer in Kansas City

My education in philosophy prepared me to understand complex systems, find problems within them, and solve them by thinking logically and creatively.
Becoming bilingual has made it easy for me to learn new languages.
While moving around the world and working in retail, have shaped me to be driven, learn fast, work hard, understand people, and be a team player.
